

# MOVE FLATBED FREIGHT ONE STOP SHOP FOR PREMIUM FLATBED SHIPPING

## FLATBED MESSENGER

The Home Depot and Loadsmart have partnered together to build Flatbed Messenger, offering shippers seamless access to capacity from top performing Flatbed carriers - all at a discounted rate.

### WHAT IS FLATBED MESSENGER?

Flatbed Messenger is a network wide capacity solution for seamlessly covering spot and contract freight. By tapping into excess capacity and empty miles from dedicated carriers, including The Home Depot's, Loadsmart is able to match shippers to carriers at a fraction of the market rate.

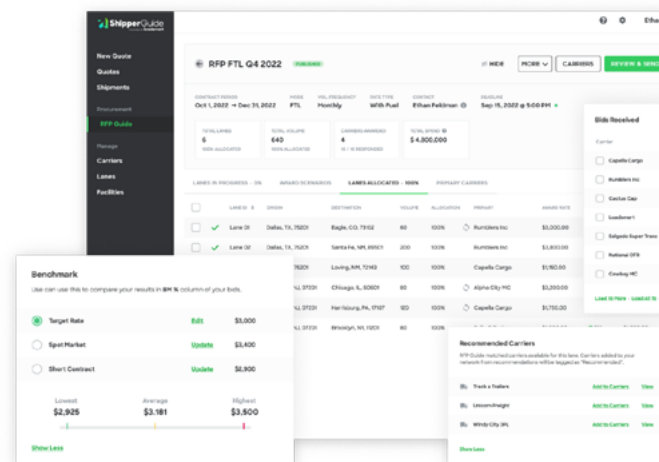

### HOW TO BOOK FLATBED CAPACITY

**Online access:** Instantly secure capacity and manage RFPs online. Find capacity and get rates in a few clicks.

**TMS Integration:** Get instant bid responses and book shipments directly in your TMS. Seamless integrations with your TMS means no extra implementation costs.

**Rapid Email Bid Response:** Send an email bid to get an instant, real-time rate. No waiting or phone calls.

**Contracted Freight:** Secure a long-term rate and manage loads through a dedicated representative.

### SHIPPER BENEFITS

#### Guaranteed Service

Every shipper using Flatbed Messenger is assigned a dedicated account manager.

#### Cost Savings

Access to capacity from dedicated carriers means discount rates and savings.

#### Flexible Capacity

Get coverage matched to your network - how and where you need it, no hassle.
